

Dear students,

President of Nara University of Education  
Vice president of Nara University of Education

令和 3 年 11 月 15 日以降の授業・ゼミ等の実施基準

About how to conduct classes and seminars in 2021 fall semester after November 15, 2021

The University will take measures that **classes and seminars will be conducted face-to-face as “Level 1” in the policy “About how to conduct classes and seminars in 2021 fall semester” after November 15, 2021** based on the decrease in new coronavirus infections in the Kinki region.

However, due to the content of the classes and the capacity of the classrooms based on infection control measures, some classes will continue to be held non-face-to-face.

**Please receive instructions from the teacher as to whether classes currently being conducted non-face-to-face will shift to face-to-face.** If you have any special circumstances regarding attending face-to-face classes, please consult with the teacher in charge of the class.

In addition, although we will shift to face-to-face in principle, the threat of the new coronavirus has not disappeared. **Please be aware to prevent infection** not only in on-campus activities such as classes and seminars, but also off-campus activities.
